

Kenny

The 'Kenny' is a great townhouse, perfect for those with a relatively small section. All bedrooms accommodate the second level leaving the ground level for living and entertainment. The single garage has french doors and window allowing this space to have multiple uses. Shown above, the 'Kenny' is clad in weatherboards and plaster but can be finished in a single cladding type or mixed and matched to whatever makes you a proud 'Kenny' owner.

Floor Area: 219m²
